

Come together
ONE VISION ONE MISSION

GREATER CASPIAN FOUNDATION & EURASIA HEART FOUNDATION

"Greater Caspian Foundation" is a non-profit organization with a mission to develop the Greater Caspian region to overcome the divide between people from the developed countries and the population of the Greater Caspian states.

Health and education is the foundation of the next generation's successful future. The revamping of the educational system, new educational concepts and technologies is crucial in the development of modern and efficient health care systems. As in many countries, cardiovascular diseases in children and adults also represent a major disease burden in the Caspian Region.

GREATER CASPIAN FOUNDATION & EURASIA HEART FOUNDATION

“EurAsia Heart Foundation” has a humanitarian tradition in the care of cardiovascular diseases in children and adults as well as in international teaching and education of the next generations of cardiovascular medical experts.

Therefore, **“Greater Caspian Foundation”** and **“EurAsia Heart Foundation”** fit together perfectly and complement each other and this is why both organizations decided to cooperate and support each other. Together, they will support projects related to the health and longevity of the population of the **Caspian Region**, care for children and adults with cardiovascular diseases, offer advanced education and support the development of the health care system.

The Caspian Sea has five littoral (coastal) countries:
Russia, Azerbaijan, Iran, Kazakhstan, and Turkmenistan

GREATER CASPIAN FOUNDATION & EURASIA HEART FOUNDATION

About Caspian Region

The Caspian region, home to some of the oldest civilizations in the world, is made up of the countries surrounding the Caspian Sea. The Caspian Sea has five littoral (coastal) countries – **Russia, Azerbaijan, Iran, Kazakhstan, and Turkmenistan**. While not a Caspian coastal state, a considerable amount of Uzbekistan's territory, along with its energy resources, lies within the Caspian's geological basin.

The Caspian countries also have historical and cultural connections with Georgia and Turkey. The Caspian economic, cultural and ethnic ties extend well into Eastern Europe and Asia, making the Caspian a real regional hub.

GREATER CASPIAN FOUNDATION & EURASIA HEART FOUNDATION

The “Greater Caspian Foundation” is supported by „**Integral Petroleum**“, a trading and logistic company established in 2008 in Geneva, Switzerland. „**Integral Petroleum**“ is active in the Greater Caspian Region, the Caucasus, Central Asia as well as Central America. The philosophy of

„**Integral Petroleum**“ is to share the prosperity of the company with the people who have contributed to its achievements creating a better society where every sick child will get appropriate diagnostic and treatment. „**Integral Petroleum**“ is already working with a number of charities and non-profit organizations in several countries. The cooperation with “**EurAsia Heart Foundation**” stresses the importance of cardiovascular diseases in the Greater Caspian Region and beyond.

INTEGRALPETROLEUM
TURNING KNOWLEDGE AND EXPERIENCE INTO ADVANTAGE

GREATER CASPIAN FOUNDATION

Mr. Murat Seitnepesov is the CEO of „Integral Petroleum“. He has a university degree in natural science from one of the leading universities in Russia and many years of successful experience in trading and logistics, networking and long-term professional relationships in the regions and in the industry. He is the driving force behind the humanitarian efforts of „Integral Petroleum“ as well as the “Greater Caspian Foundation”.

EURASIA HEART FOUNDATION

EurAsia Heart is a Swiss-based foundation established in 2006, which focuses primarily on heart surgery and cardiology in developing and emerging countries. The focus is on the treatment of congenital heart defects in children as well as in the field of acquired heart diseases in adults.

EurAsia Heart established a medical network in Eastern Europe, Asia and Africa, which deals with heart disease in children and adults. The physicians volunteer their services in local cooperation and support prevention and education.

EurAsia Heart Foundation is active in developing and emerging countries in Eastern Europe, Asia and Africa. The health care systems of these countries cannot be compared with those of industrialized countries. Support is therefore urgently needed.

Prof. Dr. med Dr. h. c. Paul R. Vogt

- Swiss Board certified for general surgery, heart and vascular surgery
- Initiator and President of **EurAsia Heart** - A Swiss Medical Foundation
- German, Russian and Ukrainian Board certified for cardiac and vascular surgery
- Consultant for cardiovascular surgery, Hirslanden Group, Klinik Im Park, Zurich, Switzerland
- Senior Consultant, Department of Cardiovascular Surgery, University Hospital Zurich, Switzerland

EURASIA HEART FOUNDATION

Our approach

Transferring knowledge, experience and skills directly to the local centres – this is the most effective way of support. The aim of EurAsia Heart Foundation is to guide, support and assist local professionals and to verify the application of what has been learned.

Aim of our cooperation

- To reduce the mortality rate during surgery.
- To reduce the complication rate during and after the operation, thus reducing the number of patients with secondary damage.
- To expand the spectrum of therapy and diagnostics so that more patients receive the treatment they need.
- To demonstrate cost efficiency in the treatment of patients with heart disease.
- To promote international cooperation.
- To organize and manage research and teaching in the context of international multi-centre studies and to guarantee implementation in accordance with the guidelines.
